

MIAMI COUNTY COUNCIL  
25 NORTH BROADWAY  
PERU, INDIANA 46970  
DECEMBER 20, 2011

Council President Ralph Duckwall called the special meeting to order for the Confirmatory Resolution for and ERA in Northern Miami County.

**ITEMS FOR COUNCIL ACTION**

**APPROVAL FOR CONFIRMATORY RESOLUTION**

Jim Tidd, MCEDA reviewed with the Council and audience that at the December 2011 meeting there was an approval by the Council for the Confirmatory Resolution establishing and ERA. Tonight, the public hearing will take place and the public will have an opportunity to ask questions, make comments, and express concerns regarding the resolution.

Chuck Oldfather spoke about some research he had done and discovered that the \$2.9 million dollar project would bring in about \$46,000 in new property taxes and he really felt that the decision was a no brainer. The expansion would bring about 10-15 new employees and didn't know why any Council member would vote against it.

Trent Jones spoke and shared that he had been watching Vohne Liche Kennels for the last few years and how the business has impacted the local economy. Mr. Jones was present to offer his support in favor of the ERA.

There were no more comments and the meeting was adjourned at 6:37.

Respectfully submitted

---

Jane Lilley  
Miami County Auditor
